Response to Amendment

1. This Office Action is responsive to Amendment/REMARKS received on 8/29/2008.

Amended claims 1, 3, 18, 19 and 23 entered as requested.

Response to Arguments

2. Applicant's arguments, see Amendment/REMARKS, filed 8/29/2008, with respect to claims 1, 12 and 23 have been fully considered and are persuasive. The rejection of claims 1-12 and 14-26 has been withdrawn.

Having discussed the case and the arguments presented therein, the Examiner conclude that closest references, of prior art, fail to disclose that strings (src) and (dst) are extracted from a data packet and not generated from "string generator", as in claims 1, 12 and 23. Further, Li fails to disclose use of both the first and the second index *together* to select an action. Li uses first index to choose second index, col. 10, lines 54-57, and not by second string (dst), wherein *only the contents of second index* is used to select an action (claims 1 and 12).

3. Claims 1-12 and 14-26 are allowed over prior art of record.

The closest prior art of record, Li (US 6,567,408) and Yazaki (US 6,768,738), taken alone or in combination, fails to disclose the subject matter of claims 1, 12 and 23 as discussed in the 'Response to arguments' above.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to AFSAR M. QURESHI whose telephone number is (571)272-3178. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, William Trost can be reached on (571) 272 7872. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
